Kathmandu, Nepal

## SUMMARY

I'm Nabin Bista, a Bachelor's student at Islington College, specializing in computing. Proficient in Python, Java, and JavaScript, with a focus on web technologies like HTML, CSS, and JavaScript. Actively learning Django for web development and currently enrolled in a MERN stack course at Apna College Delta Badge. Committed to continuous learning and growth in the field.

## SKILLS

- Python Programming
- Front end - Html, CSS(Vanilla and Bootstrap) JavaScript(js and React framework) Wordpress
- Blender, Canva
- Java Programming
- Mysql

## LINKS

- Github - <https://github.com/Nabinbista12>
- Linkedin - [www.linkedin.com/in/nabin-bista](http://www.linkedin.com/in/nabin-bista)
- Portfolio - [https://nabinbista12.github.io/nabin\\_portfolio/](https://nabinbista12.github.io/nabin_portfolio/)

## WORK EXPERIENCE

Currently i don't have any working experience. I am actively searching for my first industry experience after developing variety of skill in me. My coursework and my passion had make me enough skill full to develop webpage or any other software.

## PROJECT

- <https://nabinbista12.github.io/EDITH-Institution/> -> This is the just a sample of the the course selling website which is totally made by me .
- <https://nabinbista12.github.io/Windows/> -> This is the sample of window home screen.
- <https://nabinbista12.github.io/HomelyPrinter/> -> This is the Coursework of first semester. This is a group coursework where we need to build a web page for a printer ecommerce webpage. So this is all about that.
